# 2021 LIFE SCIENCE XP EDUCATION SYMPOSIUM

The Biocom Institute Education Symposium brings together K-12 educators, nonprofits and industry partners who are reimagining Life Science/Biotech learning experiences in their classrooms, schools and districts. The goal of the symposium is to experience and learn from these innovations first-hand with active practitioners and partner providers. Participants engage in a variety of professional learning and networking opportunities to connect with innovative educators and industry experts & scientists. We encourage every participant to share, connect and collaborate with attendees and presenters.

## Highlights:

- Industry keynote speaker and CEO panel discussion
- Breakout sessions focused on K-12 Schools, Nonprofits and Industry Partners
- Networking opportunities to connect with teachers and industry professionals

## ● Information

Annual gathering of educators, partners, and industry to share about K-12 Life Science/Biotech educational programs.
